European Models!

First, let's talk about our top-quality glamour, fashion and editorial models. We strive to always bring you the best, in fact, we're so known for our talented models, that we rarely if ever advertise in advance the models appearing at our workshops.

Many workshops will provide a long list of models and many no-show the workshop. Many workshop "promoters" will tease you with promises of certain models, but if you read the fine print, "subject to change" really means don't count on all the models advertised.

That's not our policy, we just ensure you'll have top talent, period!

We bring you
OUR MODELS 1
the best!

We strive to bring you published models, some have appeared in Maxim, Czech Maxim, European Maxim as a cover model (not the Hometown Hotties, real editorial photo essays), Playboy Playmates, international agency represented fashion models, FHM, American Penthouse, Mexican Extremo, German Coupe, Playboy, as Playmate, Sports Illustrated commercial advertising etc.

We always exhaust all possibilities to ensure you get top-quality models - besides, our models get paid so they have more incentive unlike the workshops with promised prints and promotional releases. The models on this page have attended our previous workshops and some will attend future workshops - you will get this caliber of models always and this is just a few that have modeled for many of our workshops & productions.

We bring you
OUR MODELS 2
the best!

We are working on a logtime-base with well known models on the market and can guarantee absolut professional attitudes and looks. All this models we know very well and are happy to cooperate with them. Models has been published in American Penthouse, Czech Maxim, Mexican Extremo, German Coupe, Playboy, as Playmate, Sports Illustrated, HighClassGlamour, different websites etc.

Further we are collaborating with some of the most recognized Model Agencies (for "Glamour/Nude") here in Prague.

This agencies are serving national and international clients. (Just some links)

photo by Jan Prerovsky

**Dan Hostettler
Glamour & Nude Photographer**

Born in 1971 in Bern, Switzerland, he soon turned out as "visualist" and entrepreneur. Growing up near Bern, he attended High school in Bern and Zurich.

At the age of 11 he started to experiment with the classic S-8 film camera as well as his first SLR-photo camera.

In 1991 he applied to the University for Fine Arts and Design in Bern, from which he graduated in 1995 as a photographer.

Since 1998, he is working as a photographer specialized in the field of Beauty and Glamour photography. Due to his work he has travelled around the globe visiting several countries, pan-European as well as Asian.

Between 1999 and 2005 he worked as freelance photographer, movie producer & multimedia designer based in Bern and Zurich.

In the course of his years of experience in the field of Fashion, Glamour and Nude Photography, Dan has led several workshops and was published in different media.

In 2001 Dan founded StudioPrague - a dedicated photo studio for professional productions & well known workshops - in the center of Prague, Czech Republic.

Until now the studio served many international clients and supported a big number of productions.

In 2007 he decided to relocate completely from Zurich (Switzerland) to Prague (Czech Republic). Producing a large quantity of shootings since 2001 in Prague, the studio became a benchmark for high quality work.

As a big networker on the local scene, and a trend scout & trend setter in the international market, he founded (together with Jan Prerovsky) in 2007 the exciting and prosperous company "GlamourMarketer, s.r.o." The company produces and provides worldwide specific imagery for the professional industry in the fields of Fashion-, Glamour-, and Nude-Photography.

Dan is always a "visualist" with Swiss precision.

YOUR INSTRUCTORS

enhance your strengts.

Born in 1978 in Havirov near Ostrava, Czech Republic. After his family immigrated to Munich, Germany in 1981, he grew up and studied in the Bavarian capital.

In 1998 he began studying politics at the Ludwig-Maximillan-University Munich. Meanwhile he worked as assistant for several photographers and devoted himself more and more to the work as a photographer.

In 1999 he decided to fully concentrate on working as a photographer and started at Schneider-Press, one of the biggest German press agencies in the field of boulevard photography. Meanwhile, he began freelancing for several newspapers and agencies (like Münchner Wochenblatt, Süddeutsche Zeitung, dpa, Gnoni-Press, Artografica, etc.). Besides the portrait and reportage work, he also ran a photo studio along with a colleague photographer and worked on several different projects.

One of those, an experimental movie, "Road to Fokstugu" had its premiere in Munich's IMAX Theatre on the 19th July 2004 and was shown afterwards in movie theatres in 16 German cities including Berlin and Hamburg.

Due to his work he traveled throughout Europe and overseas.

In 2003 he decided to end his career as a boulevard photographer for Schneider - Press and to move to Prague, Czech Republic to concentrate on his own projects.

Although still being devoted to reportage photography and working as contract photographer for The Prague Post and freelancing for several Magazines and agencies, he soon discovered his passion for the field of glamour and nude photography.

Together with the Swiss photographer Dan Hostettler he worked on several projects and founded in 2007 the company "GlamourMarketer, s.r.o." and its online stock photo agency HighClass-Glamour.com.

His work is published in newspapers and magazines all over western and central Europe.

The City

Prague, Czech Republic - in the heart of Europe

Prague is the capital of the Czech Republic, situated in the heart of Europe on the borders of Germany, Austria, Slovakia and Poland. It is easily reached by air or rail, bus or car (many frontier check-points are open day and night).

This magical city of bridges, cathedrals, gold-tipped towers and church domes, has been mirrored in the surface of the swan-filled Vltava River for more than ten centuries. Almost undamaged by WWII, Prague's compact medieval centre remains a wonderful mixture of cobbled lanes, walled courtyards, cathedrals and countless church spires all in the shadow of her majestic 9th century castle that looks eastward as the sun sets behind her. Prague is also a modern and vibrant city full of energy, music, cultural art, fine dining and special events catering to the independent traveler's thirst for adventure.

WHY PRAGUE?

you will love it.

Prague is regarded by many as one of Europe's most charming and beautiful cities, and has become the most popular travel destination in Central Europe along with Budapest and Krakow. Millions of tourists visit the city every year.

Prague's historical city centre covering more than eight square kilometres was added in 1992 to the UNESCO World Heritage Listing. Another attraction is the river Vltava (Moldau) that flows 31 kilometres through Prague, reaching a width of 300 metres.

The local language is Czech, but Slovakian is also understood. Most people have a basic knowledge of German or English, sometimes even fluent, and French & Italian is also spoken in some hotels, restaurants and travel agents. This also applies to many shops and service providers, as well as at ticket desks to historical buildings, etc.

More Facts & Figures, Links and helpful resources you will find on our website www.StudioPrague.com/prague

How advanced do I need to be?

Our workshops are designed to accommodate different levels of experience, from beginners to professionals. Please check the level required for the workshop you are interested in before you sign up. If unsure about your skills and level of proficiency, please contact us with a short summary of previous photography experience and we will guide you to the proper workshops.

Film/Digital?

In order to facilitate workflow in the classroom, all our workshops are digital workshops. You will need a digital camera. A laptop computer with all necessary including devices to download your images to your computer system is an advantage.

F.A.Q.**What kind of equipment should I bring?**

A digital camera is necessary for any course. Point and shoot cameras are satisfactory for beginner's courses, however, in order to gain a deeper understanding of the digital process and to be more creative, we encourage you to use a digital SLR.

Lenses between 24 to 300 mm range will be useful, as well as a flash. Bring plenty of batteries, memory cards, and do not forget memory readers to download your pictures into your computer.

In addition, bring your own laptop computer (Mac or PC) with a current version of either Photoshop or Lightroom (Photoshop Elements). If you do not have a current version, you can always download a free version for use as long as you do not install it into your computer 30 days prior to the end of the workshop.

Other software trials will be provided or can be downloaded/purchased through our free internet connection in the classroom.

What is included in the classroom work?

We will discuss photography equipment use and maintenance, software, field techniques, composition etc.

Also, an important part of the daily schedule includes critiques of your past and current work and assignments for the afternoons. Classroom sessions are usually from 9 to 1 with regular breaks depending on the workshop. A final schedule will be provided during the "Get to Know Each Other Sessions".

Is transportation provided?

Transportation to some shooting locations is provided by us; however, in order to reach the workshop or meet for the social meetings, you will have to provide your own transportation.

What time does the Workshop start?

There are social "get to know each other" evenings pre-ceding the workshops.

At this point we will provide you with a schedule for the rest of the workshop which usually starts on next morning at 9:00 am.

How do I handle lodging reservations?

You will have to make your own hotel/apartment reservations in Prague. We are happy to assist you and share informations & tips.

For "on location" workshops the lodging organisation is handled by us.

How much "hands-on" help will I get while the theory part and in the field?

Theory hours are dedicated to group discussions and the exchange of ideas and knowledge.

The instructor will provide (by use of equipment) tips, tricks and ideas according to the

F.A.Q.**How much "hands-on" help will I get while the theory part and in the field?**

Theory hours are dedicated to group discussions and the exchange of ideas and knowledge.

The instructor will provide (by use of equipment) tips, tricks and ideas according to the curriculum of the course. Individual attention is then provided if you ask for it in order to resolve the problem/issue at hand. If you need further help PLEASE ask for it! If you don't, the instructor will move on to the next topic. The same goes while shooting on location.

It is the job of the teacher/instructor to provide full guidance in regards to composition, exposure, and other technical and artistic questions. Ask and you will get all the attention you feel you need.

I need more informations. How can I contact you?

- Use our general contact form over the web. You can find it under www.StudioPrague.com/contact2011/

- Send us an email to website@studioprague.com

- Call us +420 608 709 (mobile, Dan Hostettler)

How do I register for a workshop?

Use our registration page on www.StudioPrague.com/registration

Please read the "Terms & Conditions" before carefully.

What are the payment options?

We accept payments through Paypal and direct Bank Wire Transfer.

What's included in the workshops?

Your workshop is a combination of "Workshop Fees" and the "Additional Fees" which provide certain transportation, snacks & beverages, model, makeup-artist and entrance fees (where applicable). Alcoholic beverages are not included in the fees.
